COMPTON'S LETTER DECLARED A FAKE

Consul T. D. Edwards Secures Evidence that Californian Never Was in Juli in Junes as Claimed.

It is claimed that practically positive It is claimed that practically positive proof that Harry Compton, an American, of Garden Grove, Calif., was never a prisoner in the Juarez, Chihushua or Olinaga Jalis—despite a letter written by him saying that he was—has been secured by American consul Thomas D. Edwards, in Juarez. Compton left his home in California, where a mother, vife and child reside, about five months

On February 16, a letter addressed to San Diego merchant was mailed from Il Paso. It was written by Harry Compton and said that he, Compton, Compton and said that he, Compton, was in a Mexican prison and needed \$100 right away. The message was written in pencil and dated from "Chewaya." Compton wrote that he was held as a spy and had been sentenced to death, the execution to take place on February 15. "But I am still alive and hope to get out," he wrote. "A Mex is going to take this letter to El Paso and mail it. I have a .38 pistol and 10 cartridges left and hope to get to El Paso soon. If they get me, I will take a few of them along when I go. I am being watched as I write this letter. Have been in here four months." Then followed the request for \$100 to be sent

llowed the request for \$100 to be sent This letter was forwarded by the San Diego recipient to Mrs. Amy Rolfe Compton, at Garden Grove. Mrs. Compton, the mother, wrote consul Edwards a pitiful letter, appealing to him to suve her son. Thorough search was made in the Juarez, Chihunhun and

made in the Juarez, Chihushua and Olinaga inils without finding a trace of Compton.

The fact that Compton stated he had a piston and 10 cartridges, but was still in jail, seemed unreliable. "They were going to shoot me on February 15" was a line in the message, implying that the time had aircady passed. It is pointed out that, if the letter were written in Chibushus, or "Cheways," after February 15" and 10 chibushus, or "Cheways," after February 15 c Chihuahua, or "Chewaya," after Fehru-ary 15, it could not have been mailed from El Paso on the 16th.

O'SHAUGHNESSY ILL MAY SOON RESIGN

Mexico City, Mex., March 29.—Mr. O'Shanghnessy, American charge d'affaires, admitted today he is seriously considering the question of resigning. He says, however, if he does resign, it will be because of his bad state of bealth. Mr. O'Shanghnessy's physician is not optimistic regarding his patient's early recovery from his attack of early recovery from his attack of

Some wonderment has been aroused here by the knowledge that Mr. O'Shaughnessy will go to Veracruz to-night, accompanied by Thomas B. Hoh-ler, British charge d'affaires here. Mr. O'Shaughnessy says that if his stale of health permits it, he will return to the federal capital on Monday. He denies any knowledge of a confer-once between John Lind, personal rep-resentative of president Wilson, and Jose Lopez Portillo y Rojas, the Mexi-can foreign minister.

New York, March 20.—Liquidation in low-priced railroad stacks, which has held the market in check recently, was suspended today, Rock Island securities, in particular, made a better showing. The effect on the general list of this improvement was heightened by intimations from Washington that the administration favored an increase in freight raise for the casteen reads.

Enilvoid stocks responded with a general advance, and ultimately the industrials lained in the movement, although held Yack for a time by the aluggishness of United States Steel, which was affected by further reports of stackening of business in the sized industry. The morning rise ran to a point or more in many cases.

Honds were irregular. The advance became a little more rapid in spots, particularly for Pennsylvania. Amulgamated and Chesapeake & Ofice, Burlington Joint 4's showed the effect of liberal profit taking and surrendered about all of yesteriday's gain.

The market went inrough the forencon thigh figures with a rush, when buying orders appeared in lots of 1000 shares. Union Parific and Steel were foremost in the late rise.

The market closed strong, Speculation became buyant at the end with general advances of one to two points.
